

# How To Surplus Equipment (Android)

Surplus will use the information submitted via Asset Panda to contact the department to schedule the pick-up of assets. Lead-time is 5 to 10 business days. Material that Surplus will not accept includes, but is not limited to, construction debris, light bulbs, household trash, and lab glass. For Freon and oil removal from refrigeration units and motors, a work order must be placed with Facilities Operations prior to Surplus picking up those items. A step-by-step process is listed at [www.stores.uconn.edu/surplus.html](http://www.stores.uconn.edu/surplus.html).

Step 1: In the menu bar tap on TOOLS

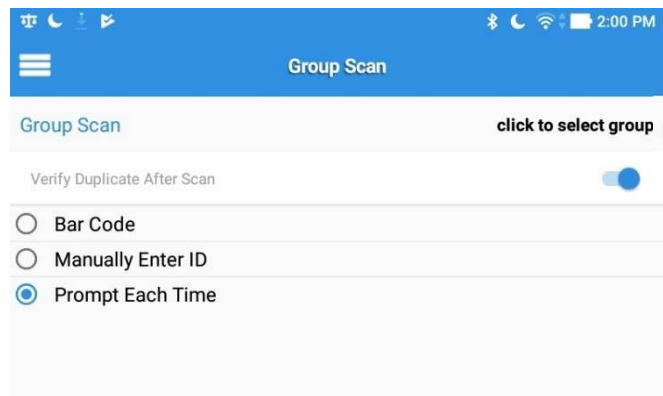

Step 2: Tap on GROUP SCAN

# How To Surplus Equipment (Android)

Step 3: Tap on click to select group

Step 4: Tap on Assets

Step 5: Assets appears on Group Scan

Verify Duplicate After Scan (should be checked)

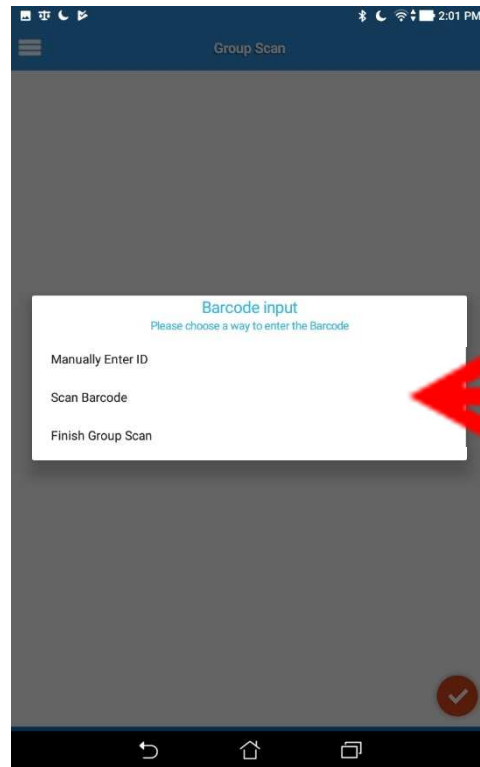

Prompt Each Time (should be checked)

Tap on the check mark

Step 10: Tap on the Setting Wheel

Step 11: Tap on Surplus Equipment

# How To Surplus Equipment (Android)

Step 12: Fill out all required fields marked with a \*

Date of Service – defaults to today's date

Tap OK and date field will be populated.

\*Surplus Equipment – Yes (required for surplus equipment)

\*Contact – enter your Uconn email address

\* Phone – enter full phone number (extensions will not work)

Building Code – you can search by entering the building name to find the building code. Tap on the building and building code field will be populated.

Room Number

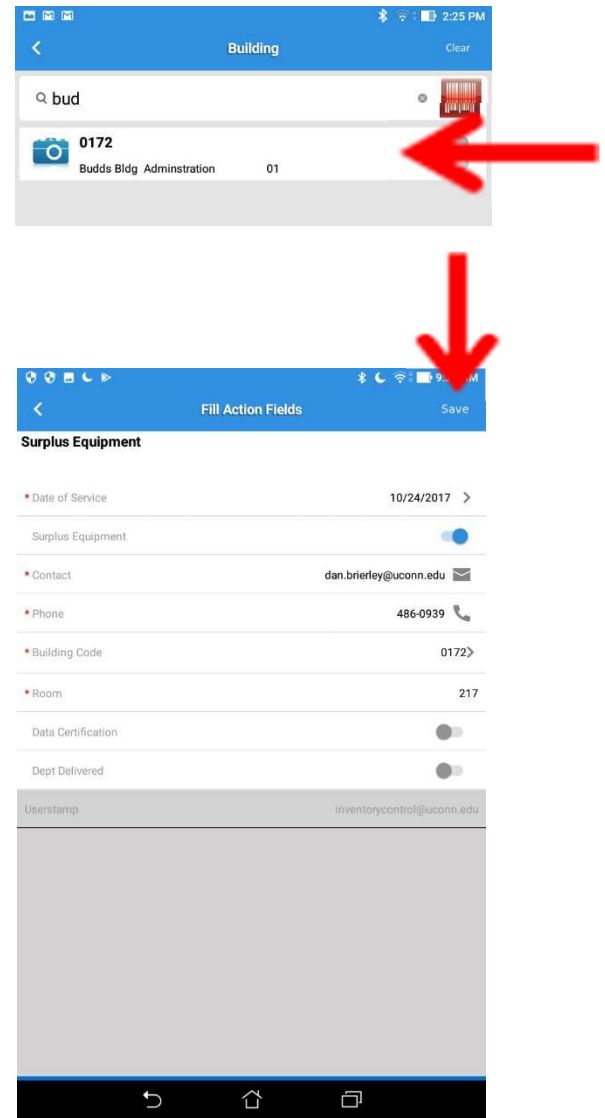

Data Certification – A Data Certification Form MUST be completed for all computers/electronic media going to Surplus (<http://stores.uconn.edu/surplus.html#computers>).

Tap here to indicate completion of the form verifying that all data has been permanently removed from the hard drive.

Form must accompany asset to Surplus.

Dept Delivered – Tap here to indicate that the asset will be delivered to Surplus by the department (no pick-up required)

Tap Save when done

Step 13:

After creating the “Group Action” you can either:

1. Tap on the three white bars to return to main menu  
Then tap ASSETS to reset the application  
Then return to Step 1 to scan assets with a new location  
OR
2. You can minimize the app and tap on the X to exit.
