How To Surplus Equipment (Android)

Surplus will use the information submitted via Asset Panda to contact the department to schedule the pick-up of assets. Lead-time is 5 to 10 business days. Material that Surplus will not accept includes, but is not limited to, construction debris, light bulbs, household trash, and lab glass. For Freon and oil removal from refrigeration units and motors, a work order must be placed with Facilities Operations prior to Surplus picking up those items. A step-by-step process is listed at www.stores.uconn.edu/surplus.html.

Step 1: In the menu bar tap on TOOLS

Step 2: Tap on GROUP SCAN
How To Surplus Equipment (Android)

Step 3: Tap on click to select group

Step 4: Tap on Assets

Step 5: Assets appears on Group Scan
Verify Duplicate After Scan (should be checked)
Prompt Each Time (should be checked)
Tap on the check mark

Step 13:

After creating the “Group Action” you can either:

1. Tap on the three white bars to return to main menu
   Then tap ASSETS to reset the application
   Then return to Step 1 to scan assets with a new location
   OR
2. You can minimize the app and tap on the X to exit.
What Happens When you Lose Wi-Fi?

When Wi-Fi Connection is lost you will receive the following screen. When the connection is re-established your progress will resume exactly where you left off. No data will be lost.
