

# How To Surplus Equipment (Apple)

Surplus will use the information submitted via Asset Panda to contact the department to schedule the pick-up of assets. Lead-time is 5 to 10 business days. Material that Surplus will not accept includes, but is not limited to, construction debris, light bulbs, household trash, and lab glass. For Freon and oil removal from refrigeration units and motors, a work order must be placed with Facilities Operations prior to Surplus picking up those items. A step-by-step process is listed at [www.stores.uconn.edu/surplus.html](http://www.stores.uconn.edu/surplus.html).

Step 1: In the menu bar tap on TOOLS

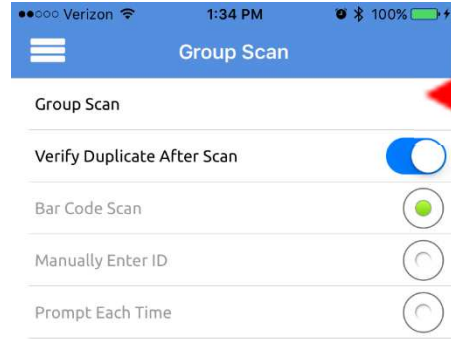

Step 2: Tap on GROUP SCAN

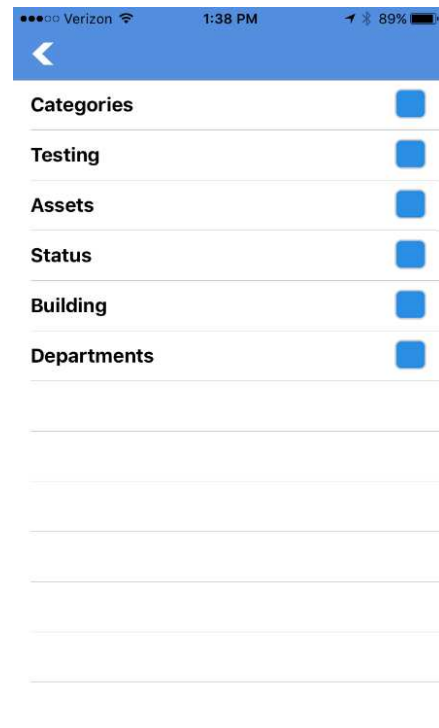

# How To Surplus Equipment (Apple)

Step 3: Tap on the space next to Group Scan.

Step 4: Tap on the Assets checkbox.

# How To Surplus Equipment (Apple)

Step 5: Assets appears on Group Scan

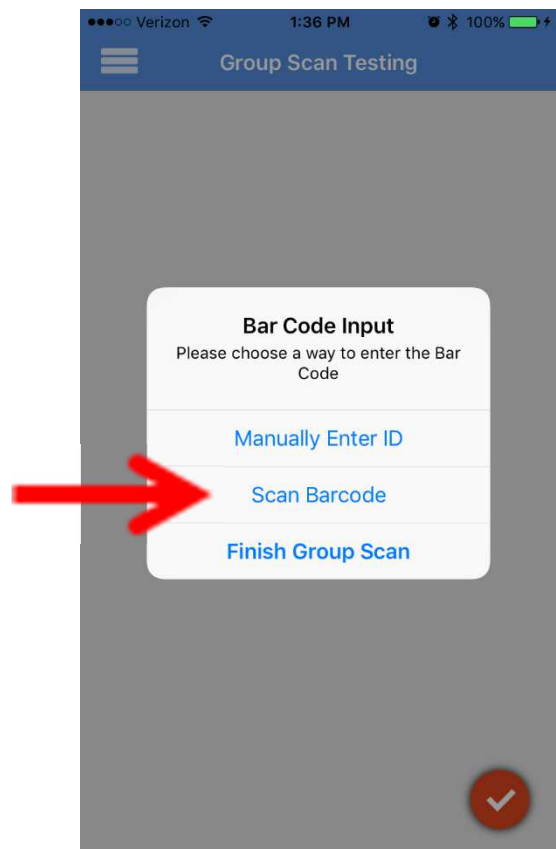

Verify Duplicate After Scan (should be checked)

Tap on Prompt Each Time

Tap on the check mark

Step 6: Tap on Scan Barcode

# How To Surplus Equipment (Apple)

Step 7: The barcode scanner will pop up and  
You can now scan your asset.

Step 8: After scanning a pop up message will appear.  
Tap either Finish Group Scan or Scan Barcode  
Scan Barcode will allow you to add more records to  
the group for the same location.

Step 9: Tap on the check mark

Step 10: Tap on Apply Group Actions

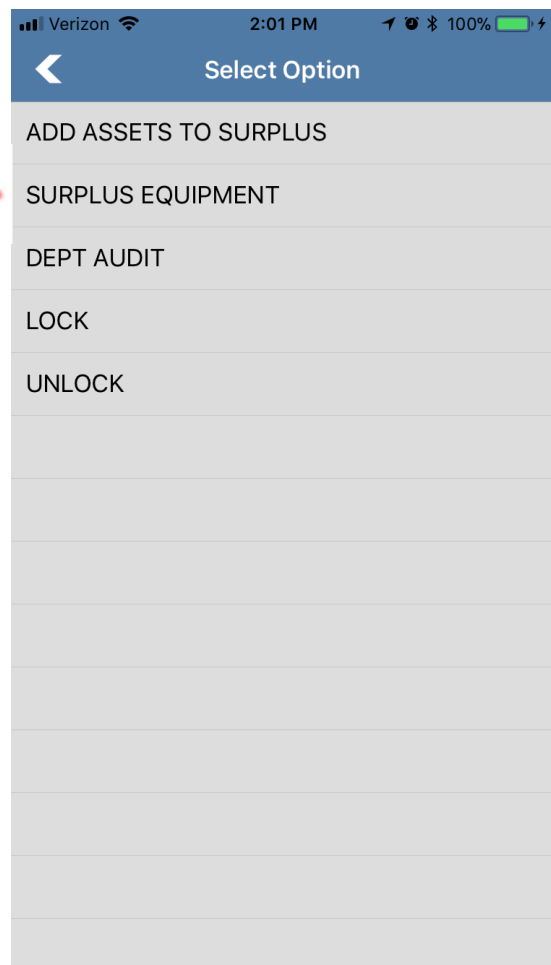

# How To Surplus Equipment (Apple)

Step 11: Tap on the Settings Wheel

Step 12: Tap on SURPLUS EQUIPMENT

# How To Surplus Equipment (Apple)

Step 13: Fill out all required fields marked with a \*

Date of Service – defaults to today's date

\*Surplus Equipment – Yes (required for surplusing equipment)

\*Contact – enter your Uconn email address

\* Phone – enter full phone number (extensions will not work)

Building Code – you can search by entering the building name to find the building code. Tap on the building and the building code field will be populated.

Room Number

Data Certification – A Data Certification Form MUST be completed for all computers/electronic media going to Surplus (<http://stores.uconn.edu/surplus.html#computers>). Tap here to indicate completion of the form verifying that all data has been permanently removed from the hard drive. Form must accompany asset to Surplus.

Dept Delivered – Tap here to indicated that the asset will be delivered to Surplus by the department (no pick-up required)

Tap on the check mark when done

Step 14: After creating the “Group Action” you can either:

1. Tap on the three white bars to return to main menu  
Then tap ASSETS to reset the application  
Then return to Step 1 to scan assets with a new location  
OR
2. You can minimize the app and swipe up to exit.

## What Happens When you Lose Wi-Fi?(iPad)

When Wi-Fi Connection is lost you will receive the following screen. When the connection is re-established your progress will resume exactly where you left off. No data will be lost.

If Wi-Fi signal is lost during the updating of an individual asset you will get a spinning wheel when you go to press the red check box. Once the Signal is re-established the record will be updated but the asset will need to be re-scanned to be included in the group scan process.

## What Happens When you Lose Wi-Fi? (iPhone w/Cellular)

When Wi-Fi Connection is lost you will receive the following screen and an error message saying a data connection has been lost. At this point the app will continue using cellular data if enabled until a Wi-Fi signal is re-established. Your progress will resume exactly where you left off. No data will be lost.
