How To Surplus Equipment (Android)

Surplus will use the information submitted via Asset Panda to contact the department to schedule the pick-up of assets. Lead-time is 5 to 10 business days. Material that Surplus will not accept includes, but is not limited to, construction debris, light bulbs, household trash, and lab glass. For Freon and oil removal from refrigeration units and motors, a work order must be placed with Facilities Operations prior to Surplus picking up those items. A step-by-step process is listed at www.stores.uconn.edu/surplus.html.

Step 1: In the menu bar tap on TOOLS

Step 2: Tap on GROUP SCAN
How To Surplus Equipment (Android)

Step 3: Tap on click to select group

Step 4: Tap on Assets

Step 5: Assets appears on Group Scan
Verify Duplicate After Scan (should be checked)

Prompt Each Time (should be checked)
Tap on the check mark

*Data Certification – A Data Certification Form
MUST be completed for all computers/electronic media going
to Surplus (http://stores.uconn.edu/surplus.html#computers).

Tap here to indicate completion of the form verifying that
all data has been permanently removed from the hard drive.
Form must accompany asset to Surplus.

*Dept Delivered – Tap here to indicate that the asset will be
delivered to Surplus by the department (no pick-up required)

Tap Save when done
How To Surplus Equipment (Android)

You will receive an email from Asset Panda indicating your request was received by the Surplus Unit.

Please find attached a list of all the equipment you marked today in Asset Panda for surplus pickup. University Surplus will contact you to schedule a pickup time as soon as possible. If you are surplusing computer equipment, please make sure you have completed the Certification of Data Inaccessibility Form. Also, note that before University Surplus can pickup refrigeration units and motors, departments need to make arrangements with Facilities to remove any refrigerants and/or oils (CFC’s/FCB’s). For additional information, please see the Surplus website (http://www.stores.uconn.edu/surplus.html).

The Surplus Equipment action was performed on 09/18/2019 by Daniel Briorley <dan.briorley@uconn.edu>

Your report was generated.
